# SEVEN JUICE

This is not the flavor of an average Cavendish, rather it is the unique banana flavor of 'Gros Michel'. Gros Michel's bananas were born of the small town of Haleiwa, Hawaii and sadly were no longer produced after the 1960s. The bananas once boasted a remarkably rich and round taste. Yet once more, that original flavor has been captured exclusively by 7Juice. Taste the true sweetness found only in Haleiwa, the small town of Hawaii, with 7Juice

Taste the perfect combination of a jade green sea and the sharpest tropical fruits. This is a completely new experience, and one that must be tried at least once in a lifetime. This is Hawaiian Ade.

# SEVEN JUICE

**WESTERN GUNMAN** It's 1872, the heyday of outlaws in a small town of America's wild west. Two men stand silently beneath the crimson sunset. They pant deeply with furrowed brows soaked in sweat, neither wanting to be caught out by the other; their silent respect shown only by the cigar smoke emanating between them, their firm grasp of the situation. Only those two men were able to experience the deep deep richness of that cigar... until now. 7Juice has been able to present that exact same richness for you to experience today.

**TUNDRA BERRY** Imagine the legendary Tundra berry. Born of a frozen land, it was created amidst a raging snowstorm. An unexplainable fresh taste never before experienced by man. As you close your eyes and take a deep breath of Tundra berry, you will glimpse the true origins of fruit.
